Dr. Chad Hanson
John Muir Project (Lead Objector)
P.O. Box 897
Ridgecrest, CA 93556
Email: cthanson1@gmail.com

Dear Dr. Hanson,

On May 19, 2024, I received your objection to the Plumas Community Protect – Central and West Slope Project, which you submitted on behalf of John Muir Project of Earth Island Institute, Feather River Action!, and Plumas Forest Project. The objection period closed on May 20, 2024. Since that time, Forest Supervisor, Christopher Carlton notified me that he is withdrawing the draft Decision Notice and canceling the objection process and will reinstate objection procedures at a later date. Therefore, I am setting aside your objection from further review consistent with 36 CFR 218.10(a)(9).

Thank you for your review and continued engagement in the Plumas Community Protect – Central and West Slope Project. You, along with other interested parties will receive notification when the objection procedures for this project are reinstated.

If you have any questions, please contact Jennifer Marsolais, Administrative Review Coordinator at 530-651-8848 or jennifer.marsolais@usda.gov.

Sincerely,

X

Deputy Regional Forester
Elizabeth A. Berger (for:)

ELIZABETH BERGER
Deputy Regional Forester
